Hospice of the Hill's Twenty is Plenty Campaign

(Harrison) – The Twenty is Plenty campaign proves what broad community support, and a relatively small contribution by enough people can do to help provide this area with a first class facility and a much needed service.

In 1994, Hospice of the Hills began with the mission to help the terminally ill in the final phase of their life. In addition to caring for patients in their homes, in 2007, the Hospice House – built by the community, for the community – opened with four bedrooms to care for the patients and their families. We need your generous support to continue enabling patients to live as fully and comfortably as possible; whether at home, or in the Hospice House, regardless of their ability to pay. We are also looking forward to one day expanding the House to continue to better serve patients and their families.

To make your pledge call 870-365-2020 or donate online at www.hospiceofthehills.com .
