

# Meet Chris Quattlebaum

## **Physical Therapist**

*Bachelor in Exercise Sciences and Doctorate of Physical Therapy both at Harding University*

2.5 years with North Arkansas Regional Medical Center

**What made you decide to become a Physical Therapist?** When I was in high school I sustained an ankle injury while playing basketball that required physical therapy. I knew I had always wanted to go into the medical field in some capacity and through my own experience as a physical therapy patient I felt that it would be a worthwhile career helping others regain independence and function just as I had.

**Specialty Areas:** Dry Needling and Outpatient Orthopedics

**Favorite Part of Becoming a Physical Therapist:** I

enjoy watching my patients get their quality of life back after suffering an injury or rehabbing after a surgery.

**Fun Fact About Yourself:** I'm married to my wife Brittani who is an OB nurse at NARMC. We have been married for 7 years and have 2 children, our son Eli (4) and our daughter Josie (3) and are expecting our third child in April.

*Physical, Occupational, and Speech Therapy*
